**Construction:**

Protective Sleeves are made of a high-performance nylon yarn to prevent abrasion and injuries.

The special weave gives an exceptionally smooth inner wall, in which the hydraulic hose can move freely to prevent wear.

Protective Sleeves are ideal for protecting people, the environment and the machine against possible leaks.

Material:

For Nylon – PH369N, ç

Colour: Black

Approval: RoHS, MSHA

Work Temperature: -50°C +125°C
